Hello again,

The day 90 for P-18-0188 is today. I will enter a 15 day suspension while we wait for the Ad Hoc team review, unless I hear differently from you today. Please feel free to call with any questions.

Thanks, and happy Monday.

Hi Dan,

P-18-0185: I have been unsuccessful at getting this PMN "unstuck" due to the general population concern from the exposure model used. I can try to schedule a call with the assessors next week.
P-18-0212: There are risks to workers via inhalation during spray coating and the health assessment recommends an APF of 10. I still need to nail down the ecotox assessor to ask about the % acid concern.
P-18-0188 and P-18-0220: Still in Ad Hoc queue.

Best,
Bethany

Hello Bethany,

Please provide an update on the review status for the subject PMNs.

Regards,
Dan
